

PARK COUNTY SCHOOL DISTRICT 6
Cody, Wyoming

Request to go to Bid

Proposal: Add two MPVs for route vehicles

Timeline: 5/15/25 - 6/30/25

Reason:

1. Increase in requests for SPED and rural transportation in remote areas, including IEPs requiring special transportation
2. Reimbursable vehicle and repair costs.
3. Suburbans can be used on any route.

Points of Interest:

1. We currently service all requests for this transportation with district staff vehicles. The district pays for all maintenance and repair costs.
2. We currently have four routes serviced with suburbans and receive reimbursement for one vehicle.
3. These vehicles can be used for all students in the Park 6 School District.

Cost: \$62,000- \$67,000 each (Total: \$124,000-\$134,000)

Funding Source: General Fund Reimbursable Transportation
